- In 2011 Booskerdoo opened a coffee shop with a roaster on the retail floor in the Jersey Shore town of Monmouth Beach. Coffee was roasted to order in house and was never more than 7 days old (it is usually only a few days away from its roast).
- In December of 2012 a bakery was added to the store and a second cafe and bakery was opened in Fair Haven in the spring of 2013. The Booskerdoo retail experience truly blossomed with this element added.
